Customer Thoughts	I am excited to find out about my baby's development!	I am excited for the day by getting updated for the day ahead.	I am bombarded by information all day – how do I know what is important for me and my baby?	Fitbit tracking is great, but how am I going to change/augment during my pregnancy?	Why do I have to jump between apps. This is getting annoying	I just want to relax	I love getting a good night sleep.
Emotion	Excited, maybe still tired	Inquisitive, searching information	Overwhelmed, busy, stressed	Determined, driven, maybe tired/regret	Hungry	Happy, relaxed	Tired, asleep
